

## Printing "Reserve Case Number"

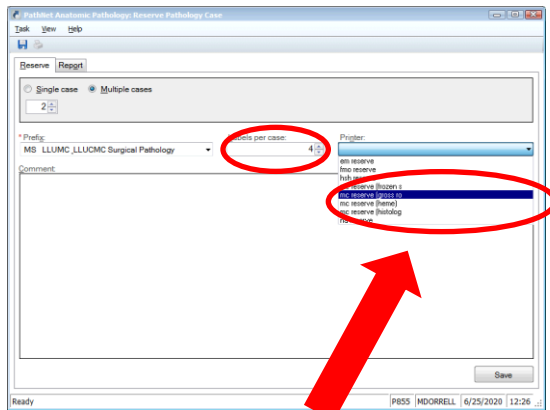

- Log in to Cerner
- Click on the Reserve Pathology case icon 
- Click on the "Multiple Cases" selection
  - The field will be activated, with the number "2" highlighted

- Enter the number of cases needed. (Only print 5 case numbers at a time)
- Chose the prefix
  - Click on the down arrow adjacent to the "prefix" field
  - Choose the prefix "MS" from the drop down field

- Choose the number of labels (ALWAYS choose 4)
  - A label will be needed for the requisition and each specimen container. The printer stock has four labels per row, so four can be printed without waste
